

Step by step guide to:

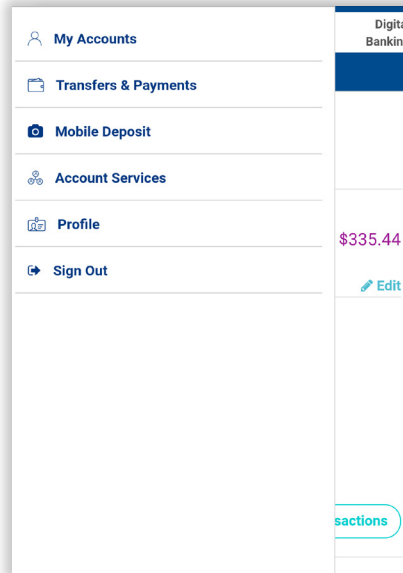

Remote Deposits Using The Digital Banking Mobile App

Access Mobile Deposit

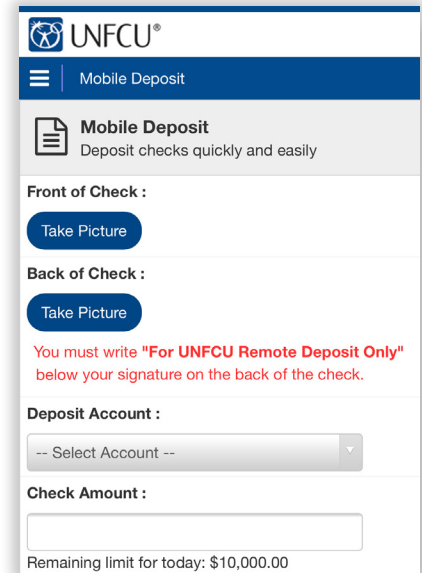

Log in to UNFCU's Digital Banking mobile app using your username and password.

Select 'Mobile Deposit' from the menu on the left of your screen.

You will be taken to this page with instructions.

Prepare USD Checks for Deposit

All checks must be in US dollars and be issued from an account in a US financial institution. Otherwise, the check will not be processed.

To deposit the check:

→ Take a picture of the *front* of your USD check by clicking 'Take Picture' located under that section.

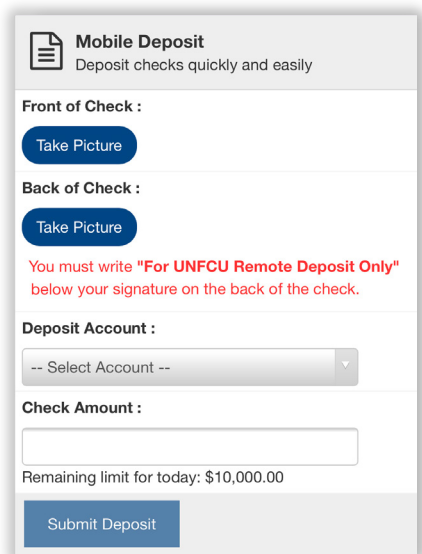

→ Perform the same step above for the *back* of your check.

To ensure your check can be processed, you must do the following before you take the picture:

- Sign the back of your check.
- Clearly write, **"For UNFCU Remote Deposit Only"** under your signature.

→ Click on 'Select Account' to choose the UNFCU account where you would like the check's funds to be deposited.

→ Type in the check amount as it appears on the *front* of the check.

Complete Your Deposit

Make sure both pictures are visible, the USD check amount is accurate, and the appropriate UNFCU account is selected. Once you are sure the information is correct, hit the 'Submit Deposit' button.
