EXAMPLES

It is not recommended that you attempt to generate or compute an IBAN by yourself or using any third party tools. Only the recipient's bank can provide a true and accurate IBAN.

If you use an incorrect IBAN, the recipient's bank may not be able to process your request. An incorrect IBAN may also result in additional fees. Please be advised that North American-based financial institutions do not currently issue accounts in IBAN format. As a result, UNFCU does not support IBAN-formatted account numbers.
